Further language courses are available via the Language Centre:

<https://www.sprachenzentrum.uni-passau.de/en/language-courses>

MODULE 3: Elective Courses

Exchange students are eligible to enrol in all international courses taught at the University of Passau. Please note that enrolment may be restricted if a course has already reached capacity.

The complete programme for the current and forthcoming semester can be viewed here:

<https://www.uni-passau.de/en/study-options/english-taught>.

MODULE 4: Summer School

Schools in the Age of Uncertainty

June/July 2027 | 3 ECTS (stand-alone) or 6 ECTS (combined with the Module 1 course)

This intensive one-week programme brings together international and local students for lectures, workshops and school visits focusing on the Sustainable Development Goals and contemporary global educational challenges.

Participation in the Summer School is compulsory for all students.

Embedded: Field Experience

School visits are integrated into the Summer School Schools in the Age of Uncertainty, providing students with valuable opportunities to connect educational theory with classroom practice in authentic school settings.

***Please note:** All courses are subject to availability. Course offerings may be subject to change.
